

TRADITIONAL ARCHERS OF CALIFORNIA

-Off the Shelf

Spring 2010

Volume 5, Issue 1

TAC folks...

So many hours, days, months...where does all the time go? 20/30 years ago, my father used to say "The days just Fly by"...and I never understood it! Ha! Got it figured out now..

Though Steve and I lead a very quiet and peaceful life, there just never seems to be enough hours or sunlight in a day. With the weather as it is. One day wet, the next sunny, seems I am

homebound cooking and cleaning... then the next the sun is out, I grab the dogs and off we go..a couple of loads of laundry hung out to dry, some gardening thrown in there....a couple of meals, and once again IT'S ANOTHER DAY!

Please forgive Donnie & I...somehow getting a N/I out..just seems to get pushed to the back of the burner..

But, on the other hand...'Tis the season!!! Our favorite Trad shoots will begin here in just a few weeks, the weather will change, and once again we will all be very Happy campers. Some of you stay very Archery Active...Congratulations! Others are more Fair Weathered, and your turn is soon approaching, Others have many Interests, and only pick the bow up occasionally , But we all have one thing in common...Our Love for the simple "Flight of an Arrow".

For those of you who enjoy the traveling aspect, this year's Western States will be hosted in Packwood, Washington. (Just outside of Mt. Rainier -- An absolutely stunning and gorgeous National Park!) NALS will be hosted in Libby, Montana the weekend before July 4th. Personally I wouldn't miss either ...for all the tea in China.. (except for a busted up ankle) Both of these events gives one a respect for the programs that were put in place on behalf of Traditional Archery. An

opportunity to travel, see America, and my favorite...to just hang out for a few days with folks who share the same interests.. can't tell you how many individuals there are scattered across the US & Canada.

I will be putting in an order for Rinehart targets very soon...if you are interested in tagging on ...Please confirm ASAP... My other club, Sonoma County Bowman, along with TAC is part of the NCFAA (Northern California Field Archery Association) Region. When SCB lost it's home range a few years back...the other clubs of the region rallied to our support, they provided various donations of Monies and Arro Last targets..Though I did not place an order of an Arro Last target on behalf of TAC..Steve has suggested I replace some of TAC's older 3D's and donate them to SCB... If anyone has any questions you can contact me personally, and I will be Happy to answer any questions.

I look forward to seeing each of you this Spring Season. I enjoy your emails of contact & Hello's. And I would especially ask if you could remember our friends and fellow archers, Stephen Hall, & Bob Brewer in your special thoughts. Both men have had a rough haul. Thank you

...See you @ Lodi's "Gold Country" ...
As ever , Marilyn

现代汉语词典(第5版)

ORG. REPR. VOL. 1, P. 100, 101

A black and white photograph of a US postage stamp. The stamp features a stylized five-pointed star in the center. Above the star, the letters "USA" are printed in a bold, sans-serif font. To the right of the star, the number "44" is printed. The background of the stamp is a textured, wavy pattern. The entire stamp is set against a dark, textured background that appears to be a wall or a piece of paper with a similar pattern.
