

**North American Longbow Safari
hosted by
Traditional Archers of California**

Traditional Archers of California
Members, Guests, Rancho Neblina Shooters & CA Traditional Shooters,

Exciting news for 2016. TAC will be hosting North American Longbow Safari. Not sure if I should be hiking to the tallest mountain & exclaiming with joy, or sighing with thoughts of “ What the heck was I thinking!!!”

This shoot is steeped in history, with the concept of a gathering of shooters, sharing their passion of the Longbow, preserving the simplicity of wooden arrows and Flemish strings. This shoot alternates between Western Canada & the USA. It has become a social gathering, reuniting folks each year. Courses are designed to re-create adventure and excitement of the traditional bowhunt utilizing both North American & African animals taken by Howard Hill in his African Safari, a much anticipated event.

With that said TAC has much homework to prepare for this July 2/3 date. Though we all “Want to just shoot”, we must all come together as the hosting club site for our many guests who will travel from afar. If everyone gives what and where they can, we will provide a united front starting with organization, a positive attitude, gracious gifts, hugs & goodbyes till next year, and memories to last a lifetime.

Spreading the word amongst Longbow / Primitive archers: Starting w/this message from yours truly, social media, your home clubs newsletters & websites, flyer & dates posted and linked. Passing out flyers at novelty shoots, Regional Meetings, and anywhere else you might catch a potential interested Archer.

February 27 / 28, an early work party consisting of stake prep, animal / moving novelty repairs, course identification / preliminary lay out, generator maintenance, etc..

We have a handful of commitments so far:

John Strunk – Bow class

Rick Tatum – Bow

Wapiti Archery -

West Coast Archery -

San Francisco Archers – Monetary donation

Traditional Bowhunters Magazine – Monetary donation

John Horvers – Howard Hill quiver

Jim Langell / Mike Porter– Wood Work Project

Please contact either of us to add your name to our list.
